

AUTOMATIC PACKAGING LINE FOR POWDER PRODUCTS (PL-PD)

Automatic packaging line for powder products, made of stainless steel, suitable for glass and plastic jars and containers, as well as small and big packaging bags. Ideal for packaging products such as, spices, milk powder, flour, fertilizer, chemical powder. The packaging line consists of a group of the following individual machines, automatic powder filling machine with material feeder (AFP), automatic feeding and capping / screwing machine for metallic and plastic caps (ACP), and automatic labelling machine for self adhesive labels, which has stepper motor for more accuracy (ALR).

Technical Specifications

Voltage: 380V

**Volumetric
powder filling
heads: 1 and 2**

**Filling range:
5-1000gr**

**Filling accuracy:
≤ 1%**

**Productivity:
1000-1500
containers / hour**
