

## **SEMI AUTOMATIC LABELLING MACHINE FOR PECULIAR CONTAINERS AND LABELS SALP**

Semi automatic labelling machine for peculiar containers and labels. Ideal for, round, square, oval, conical, bottles and jars of various dimensions. Depending on the application requirements, the labelling machine can apply partial labels at the front and the back of the container, or at the 3 or 4 sides of the container, as well as transparent labels. The labelling machine has a stepper motor for application greater accuracy. The machine has a system of centering and rotating the jars/bottles in order to succeed the desired placement of the label with greatest accuracy. Easy adjustment and operation of the machine with touch screen.

### **Technical Specifications**

**Voltage: 220V**

**Power: 350W**

**Container  
diameter:  
Φ30-Φ120mm**

**Label height:  
20-160mm**

**Accuracy: +-1mm**

**Productivity:  
up to 700 bottles/hour**
