

SEMI AUTOMATIC TRAY SEALING MACHINE (SS-B)

Semi automatic tray sealing machine for various tray dimensions.

Automatic movement of the tray mould under the sealing head, for sealing and cutting the film. The monitoring and adjustment of the machine (sealing temperature and sealing time) is made easily with a touch screen. Easy and fast change of different tray molds. Ability to install thermal printer for date of production/expire. It is made of stainless steel. Simple operation.

Technical Specifications

Voltage: 220V

Power: 500-1000W

Tray size: 50-250mm

Sealing heads: 1,2,4

Range of sealing
temperature: 0-300° C

Productivity:
600-1000 trays/hour

Dimensions:
520*960*760 mm

Weight: 85Kgr
