

Semi automatic volumetric filling machine for packaging liquid products

Semi automatic volumetric filling machine for packaging liquid and semi viscous products.

It is made of stainless steel.

Easy to operate and the adjustment of the dose.

The filling machine has INOX volumetric filling heads (1,2 or 4) for greater productivity speed.

Ability to install a product tank (simple or double bottom heated tank) with stirring system and speed adjustment.

Technical Specifications

Voltage: 220V

Filling range: 10-100ml, 20-280ml, 50-500ml, 100-1000ml, 500-2800ml, 1000-5000ml

Filling accuracy: 1-2%

Productivity: 600-1500 doses/hour

Power: 10W
