

## **AUTOMATIC LABELLING HEAD ALH**

Automatic labelling head ready to be placed on an existing packaging line. It is suitable for placing top safety labels, self-adhesive labels on bottles and jars, containers and plastic bags, of various dimensions. More specifically, it is suitable for jars (sauce, jam, spoon sweets), plastic cup, trays (olives, salads, sweets, etc), sackets (legumes, rice, aromatics, etc). Depending on the customer requirements, labels can be placed above and below the container (1 or 2 heads). The labelling head operates with a stepper motor for more accuracy and better speed. There is also an ability of incorporating a thermal printer on the labelling head, for printing production date, expiration date, LOT. The labelling head has a touch screen which makes easy the set up and operation of the machine.

### **Technical Specifications**

**Voltage: 220V**

**Container  
height:  
25-350mm**

**Label height:  
15-130mm**

**Label length:  
20-200mm**

**Productivity:  
1500-2200  
labels/hour**

**Accuracy: +-1mm**

**Dimensions:  
700\*600\*1200mm**

**Weight: 150Kgr**
