

AUTOMATIC WEIGHT CONTROLLER

Automatic weight controller, suitable for automatic packaging weight control and disposal – removal of packages that do not meet the specifications (defective products), during the production process. Ideal for products such as, food, pharmaceuticals, chemicals and various industries. It is made of stainless steel. Easy to operate as it has a color LCD touch screen. It can store up to 200 product codes, with easy switching between them. It has a detector for detecting empty packages, and an adjustable speed conveyor belt. It is possible to activate a security code and access to the system, to be used only by authorized personnel. Easy to disassemble, clean and maintain.

It can be integrated to an automatic packaging line.

Technical Specifications

Voltage: 220V

Power: 100W

**Weighting range:
5 έως 1500gr**

**Filling accuracy:
+-1%**

**Productivity:
up to 100
containers/min**

**Max container
dimensions:
L 300mm
W 250mm
H 10-250mm**

Weight: 80Kgr
