

Semi-automatic dose filling machine for packaging viscous products

Semi-automatic dose filling packaging machine for viscous products. The machine is made of stainless steel. It is ideal for food (olive oil, seed oil, olive pasta, nut butter, honey, dressings, etc).

It has a rotor pump with servo motor.

Easy to control PLC system through touch screen.

The advantages of a servo motor dose filling machine are easy dose adjustment, and filling speed adjustment.

It has an INOX feeder hopper.

Technical Specifications

Voltage: 220V

Filling range: 30-5000ml

Filling accuracy: $\leq 0.5\%$

Productivity: 5-20 doses/min (depending on the quantity)

Power: 800W
