

Automatic monoblock filling capping machine for packaging olive oil

Automatic monoblock filling and capping packaging machine for olive oil.

The machine consists of the following,

automatic volumetric filling head

automatic system for cap feeding

automatic cap screwing, and

automatic labelling machine (optional)

Easy to operate with PLC touch screen.

The machine has a control system (no bottle – no fill, no cap – no drop), to avoid soiling the machine.

The machine is made of stainless steel.

Depending on the packaging product, the container, and the cap, the machine is suitable for filling glass and plastic bottles/containers with metallic or plastic caps.

Technical Specifications

Filling heads: 1, 2, 4

Voltage: 220V

Filling range: 20-500ml,
100-1000ml

Filling accuracy: $\leq 1\%$

Productivity: 1200-1500
bottles/hour (for 4 filling
heads)

Power: 1500W

Dimensions:
2500*1000*1900mm
